Behavioral Health

10 Park Place Atlanta, GA 30303 | (404) 616-4444 | Monday - Friday; 8 a.m. – 4:30 p.m.

Grady Behavioral Health Services provides research, treatment, and community outreach services for adults, with a wide variety of chronic and severe mental illnesses in Fulton and DeKalb counties. We are Joint Commission accredited and together with our partners from Morehouse and Emory University schools of medicine employ a diverse workforce of more than 250 direct care and support staff. We strive to provide the highest quality, evidence-based mental health and substance abuse services to more than 10,000 clients annually.

Grady Behavioral Health Services operate out of two primary locations. Community based outpatient services are located at 10 Park Place, Atlanta 30303. Our Crisis Service Center and Inpatient services are located in the main hospital at 80 Jesse Hill Jr. Drive, SE 30303.

Services

Grady provides a full continuum of adult behavioral health services including: inpatient unit, Crisis Service Center, Assertive Community Treatment Teams, Psychosocial Rehabilitation, Peer Support, Case Management, Medication Clinics, Individual and Group treatment.

Research, Training, and Evidenced Based Practices

The National Institute of Health has sponsored research at Grady that has led to advances in the treatment of clients with trauma, mental illness with comorbid medical illness, and schizophrenia. We offer the largest academic community mental health center in the Southeast. More than half of all psychiatry residents in the state of Georgia trained at Grady.

Services Offered

Full continuum of adult behavioral health services including: inpatient unit, Crisis
