East Point Health Center

1595 W. Cleveland Ave. East Point, GA 30344 | (404) 616-2886 | Monday, Wednesday, Thursday, Friday 8 a.m. to 5 p.m.; Tuesday 8 a.m. to 7 p.m.

Grady's Neighborhood Health Centers offer primary care and more for men and women of all ages. Primary care is having one doctor (or clinic) for all of your general healthcare needs. It is an important part of staying healthy. Grady's primary care doctors offer complete care for all parts of your body and for most diseases. If your doctor feels you need to see a specialist, they will refer you to one.

Our primary care physicians and staff manage many common chronic illnesses, such as:

- High blood pressure
- High cholesterol
- Diabetes
- Asthma

In addition, our disease management and treatment services include:

- Health risk assessment
- Healthy lifestyle counseling
- Care coordination and communication with Grady subspecialists
- Routine follow up care for chronic ailments

If You are Sick
If you are sick and need to see the doctor, call the center. A nurse may ask you a few questions that will help them decide how soon you need to be seen. If it is a weekend or holiday, call the Grady's Advice Nurse at (404) 616-0600 (available 24 hours a day).
