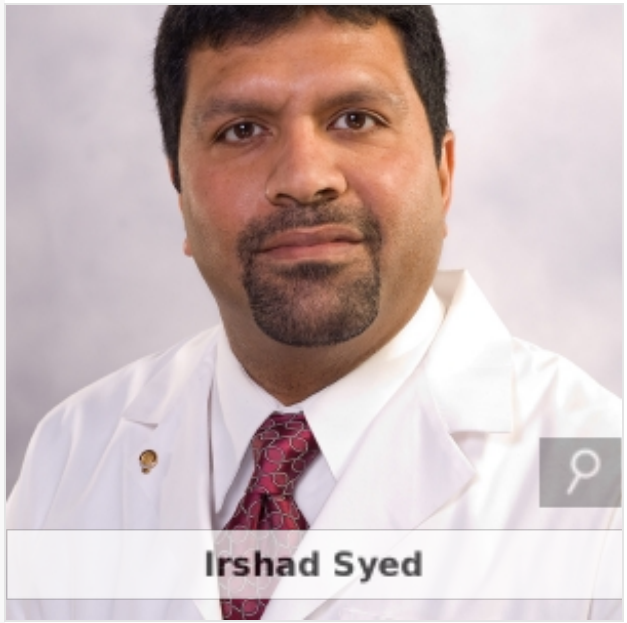
Kirkwood Family Medicine

1863 Memorial Drive, SE Atlanta, GA 30317 | (404) 616-9304 | Monday, Tuesday, Thursday, Friday 7 a.m. to 5 p.m; Wednesday 10 a.m. to 7 p.m.



Quality care is about more than just great medical treatment. It means preventative care to keep you and your family healthy in a friendly, professional, and comfortable environment.

We provide a variety of healthcare services right in your neighborhood so you don't have to waste time, energy or money traveling all over town. Does your child need a check-up while you need an eye care appointment? You can do both at Kirkwood Family Medicine. Do you need to fill a prescription? Did the doctor order lab work? Both can be taken care of right inside our facility. Kirkwood Family Medicine also utilizes an electronic medical records system that allows your health information to be accessed, saving you time, and easily shared with other medical providers, should an emergency arise. We are here to make your healthcare experience as efficient as possible, while maintaining the highest standard of care.

Pediatric Services

At Kirkwood Family Medicine, we will make sure you have the latest information on how to give your little ones the best of care. Our pediatricians will keep track of immunizations, check on growth and development, test your child's vision and hearing, provide back-to-school and sports physicals, and take care of all their colds, earaches, bumps and bruises.

Adult Services

Kirkwood Family Medicine provides quality healthcare for women and men of all ages. Through routine check-ups, we can spot problems early.

For women, we provide comprehensive care including regular gynecological exams, pregnancy testing, family planning services, nutrition counseling, immunizations, as well as prenatal and postnatal care. For men, we concentrate on monitoring heart function, blood pressure, blood sugar and prostate health.

Seniors are a special part of the community, so we pay extra attention to their needs, such as nutrition counseling, memory testing, and diabetes screening and cholesterol checks.

Get Prescriptions Filled at Our Pharmacy

For the convenience of our patients, Kirkwood Family Medicine features a fully-stocked, in-house pharmacy that is open during regular operating hours.

Interpreter Services

To serve the diversity of our community, interpreter services are available in several languages.

If You Are Sick

If you are sick and need to see the doctor, call the center. A nurse may ask you a few questions that will help them decide how soon you need to be seen. If it is a weekend or holiday, call the Grady’s Advice Nurse at (404) 616-0600 (available 24 hours a day).
