

Harbourmaster's Office Lac d'Orient at Mesnil-St-Père

The Harbourmaster's Office in Mesnil Saint-Père is housed in the Maison des Lacs. It's situated on the shore, at the entrance to the port, the office is ideal for all for meeting and greeting: sailors, fishermen, tourists, sportsmen and families looking for activities. It knows how to guide you in your choice of nautical activities, without forgetting it's main functions :

- management of the marina (experienced and amateur sailors)
- supervision of the beaches at Géraudot, Mesnil Saint-Père et Lusigny sur Barse in July and August.

The Harbourmaster's Office also organises throughout the season exhibitions by local and regional artists so visitors can get to know their works. A new exhibition is offered each month.
