

Harbourmaster's Office Port Dienville

The team of the office in Dienville has the pleasure to welcome you throughout the season, so as to guide you in your choice of activities in the Forêt d'Orient Regional Nature Park, without forgetting its main functions :

- management of the marina (experienced and amateur sailors) ,
- supervision of the beaches in July and August.

Port Dienville : Meeting place for lovers of power-boats !

Giving directly onto the port, close to the access barriers, the office is the ideal place for all for meeting and greeting : sailors, fishermen, tourists, sportsmen. Our staff can direct you throughout the whole site. In close collaboration with the departmental council of the Aube, and the Forêt d'Orient Regional Nature Park, the office has a space that allows you to discover the region, the activities offered in the Park and the jet-ski clubs, water skiing, rescue dogs and others, present on the site.

The Harbourmaster's Office also organises throughout the season exhibitions by local and regional artists so visitors can get to know their works. A new exhibition is offered each month

A specific programme "Animation des bords d'eau" is available, during season, at the office

A newsletter is sent out every month from April to September, giving a retrospective of the past month's events as well as events to come, available, during season, in the office.
