Presentation

Have you ever seen a girl of my age so attractive and so elegant? Some find me a little stuck up! There are several like me, with a similar shape, we were made by the «School of Saint - Léger» in the first third of the C16th .

On my dress of fine material that falls down onto very fashionable shoes, I have fastened, high on the waist,

by a ribbon that falls on either side, an ample finely embroidered apron. I've thrown on my shoulders a large cloak, fastened by a cord at the neck. So that it doesn't hamper my movements and enhances my well cared for hand, I've tightened under my right arm one of the sides. I've carefully curled my hair that falls onto my arms . On this seductive hair, I've put a light veil...to not appear shameless .

Don't think that I've only done all this to be fashionable and seductive, no, if I am now so beautiful, it is to present you to my Jesus. See how he is gracious with his curly hair and he's a teaser, he well knows that I forbade him to pull on the jewel that I'm wearing at my neck. Will he be disobedient? Is it for this that the artist gave to the swaddling clothes on which he leans, the shape of a moon, the astral body that one often sees under my feet, is a sign of the dark hours to come.
