Protect local wildlife

**Are you looking to commemorate a special person in your life, or perhaps simply looking for a way to mark a special occasion such as a birthday, anniversary or wedding?**

The Alderney Wildlife Trusts growing gift enables you to do just this and at the same time support the creation of a 'woodland for Alderney'.

Woodland in Alderney is extremely precious with only 2% of the island hosting the last remnants of the once great mature forest that would have covered the island.

The [Alderney Community Woodland \(ACW\)](#) project was launched in 2010 and is transforming over 17 hectares of what was once bramble scrub into mixed native woodland, more than doubling the island's native woodland cover.

The ACWs aim is to provide our island's community with a sustainable woodland accessible to all.

So far:

- *over 9,500 trees have been planted*
- *a number of cultural and historic sites and buildings have been restored and made available for the public*
- *a series of educational sites and facilities have been opened to the island's schools, clubs and societies.*

You can donate £15 for a single tree, £30 for a stand of 10 trees or £70 for a copse of 30 trees within the Alderney Community Woodland. In return, Alderney Wildlife Trust will ensure their care for 10 years, enabling the tree and the woodland to be nurtured, transforming the landscape of Alderney and providing an essential habitat for the island's wildlife.

You can make a payment to AWT in a number of ways, or by using the paypal button below.
