Protect local wildlife

Alderney Wildlife Trust carries out a variety of wildlife surveys on Alderney. This includes:

- Birds (terrestrial and seabirds)
- Insects
- Mammals (terrestrial and marine)
- Marine habitats
- Marine species
- Plant and flower species
- Terrestrial habitats

These surveys aim to enhance current knowledge of Alderney's environment. The information is used by AWT to inform conservation management plans, planning applications, research and education.

AWT also collates wildlife sightings and other sources of ecological information regarding Alderney.

If you have a wildlife sighting, you can let us know by submitting a sighting using our [online form](#).

There are also sighting books at the AWT shop, Longis bird hide and Mannez bird hide to record your sightings.

For birds, you can record your sightings with the Guernsey Birds website, see [here](#):

<http://www.guernseybirds.org/>

If you are interested in joining a wildlife survey, or would like further information regarding wildlife recording, please [contact us](#).
