Protect local wildlife

Find out more about just some of those involved with the Alderney Wildlife Trust. These pages are regularly updated but because of the nature of our charity they may sometimes fall out of date, please accept our apologies if this has happened.

The AWT employs a paid Trust Manager and a number of placement [staff](#) who fulfill the AWT's key roles.

In addition there are more than 40 [volunteers](#) who ensure the AWT functions at a number of different levels.

Volunteers do everything from manning the AWT's shop and island's Visitor Information Centre, to repairing the AWT's tools and machinery, volunteering for fieldwork, and even sitting on the AWT's Board of Directors.

All our Volunteers and Staff have the AWT's profound thanks for the work they do.
