Nearly There...

Great News

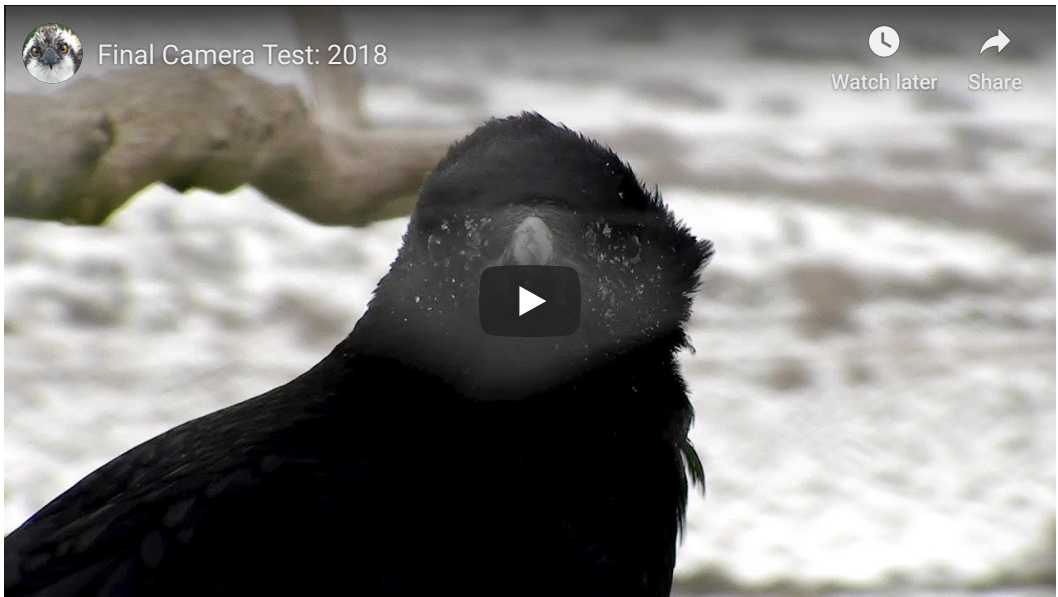

We've completed our final testing of all the Dyfi camera and microphone systems this morning, Sunday 18th March, and we are 100% happy.

A Mini-Beast from the East today didn't help, but at least it gave us a chance to make some final tweaks in very challenging conditions.

Thank you to all of you that have so far donated towards the 2018 Camera Appeal, we're over one-third of the way there after just a week.

Tomorrow we will hand over our systems to our IT Techs who will start the servers going for the 2018 Live Streaming in a few days time.

You Ready?
