Pond Dipping At Magor Marsh

Pond dipping

Customer Feedback

"I really can't think of how to improve on it ... you fulfilled the brief completely and it was delivered in an interesting and fun way, at exactly the right level."

Brian Hanlan (Henllys Primary)

EDUCATION GONE WILD! An educational visit to Magor Marsh at any time of year will leave adults and children alike feeling enthralled and inspired. The curriculum suddenly comes to life and learning becomes "awesome" .

Our Education Centre at Magor Marsh is able to cater for groups of up to 32 children and for a variety of age ranges from pre-school and beyond, including teacher training days! All our activities have been designed specifically for schools by qualified teachers and a teacher is available at the centre to discuss your individual requirements. Many of our activities are transferable to your setting, so we are able to offer an out reach service for those schools who are unable to come to us. You can even undertake an accredited **CREST** activity here to gain a Discovery Level award.

SCHOOL GROUPS:

Education at Magor Marsh covers more than pond dipping and habitat studies. Our education programme also includes Maths, English and Forest Schools ... and if that wasn't enough we offer a tailor made

INSETs:

School staff can develop their confidence and skills in outdoor education in a fun, friendly and natural environment on one of our popular INSET courses either at our setting or yours!

Home Education:

We run a series of fun days specifically designed for home educated children and families at our Magor Marsh reserve through out the year. Find out [more...](#)

Wildlife Wizards Quiz:

Every year we run a popular and fun wildlife quiz for teams of children from primary schools in the area. If your school would like to enter a team for next year or find out more about the quiz then click [here....](#)
