GWT Local Groups

Gwent Wildlife Trust is supported in its charitable activities by seven Local Groups situated around the county. Each group is run independently and most of them host a series of walks, talks or work tasks at different times throughout the year. Please see our events page for the latest walks and talks or contact the Local Group directly for their annual programme.

Living Valleys Nature Group

Formed in late 2017, the Living Valley Nature Group aims to support Gwent Wildlife Trust to raise awareness of nature and the wildlife of the Eastern valleys. Covering the Rhymney, Sirhowy, Ebbw, Ebbw Fach and Llwyd valleys, the group organises a programme of fund raising talks, walks and social events throughout the year.

Chepstow Local Group

The Chepstow Local Group organises a programme of events throughout the year and we would be delighted to meet you at any of these. Evening meetings from October to March are held at Chepstow Leisure Centre on the third Wednesday of the month (except December) at 7.30pm and cover a good range of wildlife topics.

In order to raise much-needed funds for GWT, we run a Grand Plant Sale in May and continue selling plants at other events and locations during the summer. We urgently need a few more volunteers to help grow and look after plants for these events. Could you help us with this?

Magor Marsh Reserve is the focus of most of our fundraising and we support both the practical conservation and the education work carried out there. Wildlife Warriors, a thriving group for teenagers participating in wildlife activities, is currently benefiting from our fund-raising efforts.
