Information about the Trust and its work

Information on wildlife, on the work of Manx Wildlife Trust, activities and events are now much more clearly displayed in the excellent Information Room adjoining the shop, with Steve Wright's brilliant Seasons DVD showing continuously and leaflets available on many aspects of Manx wildlife. We have also installed a free-to-use water refill station to help you avoid unnecessary single use plastic bottles.

Volunteering in the shop

We have already welcomed several new volunteers since our move, though there is always room for more.

Training and practice are offered before going solo behind the counter, and this is a very interesting shop to work in, with exceptional facilities.
