Compost Bay Making Workshop

Sun, 14/10/2018 - 10:00am - 2:00pm

This event has already passed.

Event details

Sun, 14/10/2018 - 10:00am - 2:00pm

Come and help to build a 3 bay New Zealand compost system that will be part of our new Wellbeing Garden.

The worksop will teach you all the skills and information to be able to build one yourself at home.

A 3 bay New Zealand Box compost system allows you to turn and aerate compost easily, so that food and garden waste can break down more quickly into well decomposed compost that can be used on the garden. We will be learning about where best to site a compost system, which materials can be used, how to construct a compost system and how to best manage it.

This is a free workshop but places are limited so please reserve a place using the form below:
