## Queenswood Deer Trail

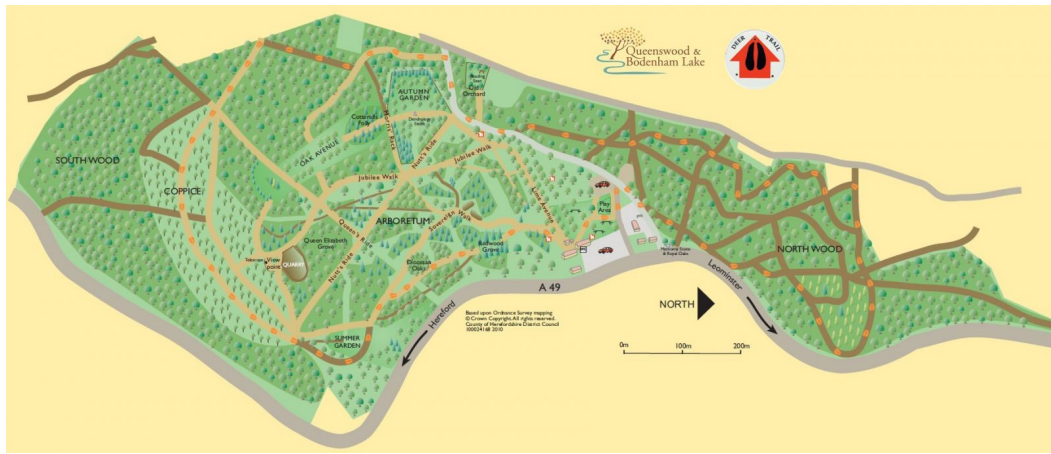

**The Deer Trail is approximately 2.5 miles long and takes about 1 hour 15 minutes to walk.**

It skirts around the edge of the arboretum, taking you through the Redwood Grove and beech plantation which is carpeted with bluebells in spring and also explores much of the north and south woods.

This route includes several very steep sections of path that may be muddy and quite slippery in wet weather and a short section along the private road.

Please click on the Deer Trail route map below for a larger image of the route.
