Follow us

PLEASE NOTE: We're really pleased to announce that work on our Wolseley Centre development project is due to begin and we are on track to complete the works in time for an official opening at Easter 2019.

Work on site will start on site week commencing 5th November and will be completed in March 2019 (around 18 weeks).

The grounds will remain open throughout the development. The Wolseley Centre building will be closed to visitors for the duration of the works.

Temporary toilets will be provided outside the building.

Disruption to visitors will be kept to an absolute minimum but there may be occasions when certain parts of the site will be cordoned off such as the main car park when the improvements are underway. Anything like this will be announced well in advance so do keep an eye out for our monthly e-newsletter and our social media pages for updates.

We're all looking forward to welcoming you back to the new Wolseley Centre in the New Year!
