### London Wildlife Trust provides ecological services contracts for third-party clients – all income is used to further our charitable work

Our 35-year expertise of managing, creating and sustaining wildlife-friendly habitats across our 41 reserves means we can offer in-depth local knowledge about the natural heritage and landscapes of London.

We endeavour to work closely in partnership to provide advice on biodiversity across a range of services which broadly fit into these areas:

- [Ecological surveys](#)
- [Green infrastructure solutions](#)
- [Wildlife-friendly landscape design](#)
- [Land management for biodiversity](#)

We can offer bespoke solutions based around nature conservation and are willing to work with clients to meet their objectives around environmental, training or corporate social responsibility policies.

If you would like more information on how we could help you please contact us **020 7261 0447** or by email at [enquiries@wildlondon.org.uk](mailto:enquiries@wildlondon.org.uk).
