School programmes for all Key Stages

Learn something new every day with Worcestershire Wildlife Trust.

We offer a year-round programme of activities for learners of all ages through work with schools, families and community groups.

Much of this work takes place at Lower Smite Farm near Worcester but we also work with groups on nature reserves, in schools and community centres.

We believe you're never too old to learn and there's always something new to discover.

Find out just what is on offer by following our links. Please don't hesitate to get in touch to discuss your requirements and make a booking.
