### Follow us

**Worcestershire Wildlife Consultancy provides an independent professional ecological service, operating throughout the UK but predominantly within the Midlands region, encompassing all disciplines of ecology, conservation and biodiversity.**

We offer a competitive pragmatic service that includes ecological and arboricultural surveys and assessments, mitigation schemes, environmental planning and management to individual clients, the business and development sector, local authorities, public utilities and non-governmental organisations (NGOs).

Worcestershire Wildlife Consultancy has been the trading arm of Worcestershire Wildlife Trust since 1988, providing a wealth of experience to the environmental and ecological sector. All profits of the Consultancy are donated to the Trust and used to support its conservation work throughout the county.

Our professional staff are trained to a high level of expertise and are all full members of the Institute of Ecology and Environmental Management (IEEM).
