

# Wildlife Trusts Wales

## My Mission

Megan is fascinated by the wide variety of British wildlife, particularly discovering what lives in the garden. She loves putting out the moth trap overnight and finding the moths in the morning.

She is a keen wildlife recorder, and sends in all her records. Recording wildlife contributes to national and local scientific surveys.

Find out more about how you can help [record wildlife](#) and how we use the information you send us.

Read more [My Wild Life](#) stories and share your story using #MyWildLife
