How players of People's Postcode Lottery are helping Welsh wildlife

Helping wildlife volunteers get around Brecknock

The Wildlife Trusts are very lucky to receive generous support from players of People's Postcode Lottery.

People's Postcode Lottery is a charity lottery in Great Britain where players play with their postcodes to win cash prizes whilst raising money for charities. A minimum of 30% from every £2 ticket goes directly to good causes like us.

In 2017 The Wildlife Trusts have been fortunate to receive £2.4 million in funding from players of People's Postcode Lottery to support our work across England, Scotland and Wales.

During the year, thanks to the support of players of People's Postcode Lottery, The Wildlife Trusts will inspire and connect people to nature through precious species and wild places, provide thousands of children of all ages with opportunities to spend time in nature through outdoor learning activities and will stand up for and defend wild places when they face significant threat.

Wildlife Trusts Wales has received valuable funding from players of People's Postcode Lottery which is distributed between the six local Wildlife Trusts in Wales. This enables them to continue delivering education opportunities and events for local communities and schools, as well as maintaining reserves and wildlife sites around the region, continuing our vital conservation work.
