What we do

Our vision is to "create an environment rich in wildlife for everyone."

We do this by ...

Purchasing land for nature reserves ...

Currently 216 covering 8,000 hectares across Wales as a whole.

Working with landowners in the wider countryside ...

750 different landowners advised covering 12,000 Ha outside reserves last year.

Lobbying local and national Government to protect wildlife both on land and around our coast ...

More than 5,500 planning applications were reviewed last year and detailed responses given to Wales wide legislation such as the Environment Bill

Inspiring people and encouraging action ...

Working closely with core partners ...
