Culture, community life, leisure, environment... the Quimper urban area is an appealing active centre. At 15km from the Atlantic coast, opposite the Americas, Quimper is a town resolutely open to the world.

Administrative capital of Finistère, capital of Cornouaille, the influence of Quimper extends well beyond its status of medium-sized town (63,929 inhabitants).

This huge territory located in south Finistère on the Odet estuary encompasses historic and economic Cornouaille, and is distinguished by its lively and innovative character.

County : Brittany
Département : Finistère
Administrative status : Administrative capital
