Colson House

Why they gave Oscars to Guest Houses....

Colson House is a bed and breakfast guest house which was built around the premise of both great service and value for money. Set inside a Grade 2 listed regency building, Colson House has been themed to the golden icons of the 20th century.

It's a stone's throw away from Brighton Pier and Wheel, and there are a plethora of restaurants in the Kemp Town area. You've also got great and easy access to the seafront if you fancy taking in the sea air, and various shopping can be had in the Lanes.

Colson house will ensure you're well taken care of, whether you're there for a single night's stay or part of a longer holiday for several nights.
