Description:

GutterSlut (at East Bloc)

One of London's longest gay running nights, GutterSlut is trashy-sexy avant-garde and underground. It's a place for people to express themselves and quiet isn't on the agenda.

Being a leading place in both London and Berlin, it's a place for both straight or gay, with pulsing electronic dance music, and sexy fun.

Despite a humble beginning the night has moved on to almost legendary status, and London's scene queens, clubbers, fashion gurus and more all call Gutterslut a home.
