**Description:**

Journeyman Distillery offers a “grain to glass” drinking experience with its line of handcrafted artisan spirits. All our products from milling of the grain, to distillation and bottling of the product, are manufactured entirely in the Historic Featherbone Factory in Three Oaks, Michigan.

Certified organic by MOSA, and USDA, our artisan distillers only use essential ingredients to produce a product pure in taste, without the use of GMOs, artificial coloring or preservatives. Visit us at our Three Oaks location where we offer tours, food, tastings and handmade cocktails. Please visit our website for available retail locations, and more information about the distillery.
