Unless you post the full sentence where the term of rbt is used, anyone may interpret the abbreviation in different forms.

For example, I can give you several expansions of the abbreviation, as follows. You can select appropriate one, which may suit you:

- Ringback tone
- Risk-based testing
- Random breath test
- Requirements Based Testing
- Residual block termination
- Results Based Training

RBT = Ring Back Tone.

I have the great pleasure of attending this complicated legal query.
