What to do, when in most of such cases law is biased favouring the females. For males, the answer is forget the female, but on the opposite side it even can be rape charge too, though virginity is lost on both the sides. How ridiculous.

Your query seems to be hypothetical. However as you are a male person, there is no remedy. Now you cannot do any thing against that girl except to forget her.

Forget everything and listen to your Parents and get married as per their wish with a Girl you like.

Do not get into unnecessary wrangle into Court cases, which will drag for years on wasting your time and money for decades. Be careful in the future with whom you try to have friends and do not expect everything just because such a girl is friendly with you.

Also remember that "She lost a well-wisher (you) who really loved her, but, you only lost a traitor".
