DJ Jani

Informatie

Jani is one of the fastest rising stars on the horizon. He started playing in 1999 in a small bar in msterdam, spinning garage, house, filter and disco grooves. His great feel for music has not only earned him several residencies and gigs around the country, but also appearances at main events like Impulz, Dance Valley, Fast Forward, Sensation and Mysteryland.

In 2001 Jani joins Black Hole to set up his own mixcompilation series, the DJ Jani Experience. The First volume, DJ Jani X1: Amsterdam Wildlife Sessions, is spot on party music, and will surely make a statement in the dutch club scene.

Jani is currently producing his first single, Silky Sand.
