Recommendations

Colin has made an exceptional impact since taking on the role of Head of IT. He has established a clear strategic direction for his department and managed several concurrent projects very effectively. Colin has also developed his team into a professional unit and has communicated extremely well with the Board on the various issues associated with IT, as well as contributing to the long term management of the overall Group, as a member of the Next Generation Board.

Carey Edwards - Non Executive Director

Worked with Colin Kendrick at Day Lewis Plc

Colin inherited an IT function that was providing a sub-optimal service to the business teams and had very poor credibility throughout the organisation. Colin very quickly got to the heart of the issues and then equally swiftly developed and implemented cost effective practical solutions. He established himself as an IT professional who understood the business needs and offered first class in-house client support and service. He was well regarded by his business colleagues and his own team.

Keith Fleming - Chief Financial Officer

Worked with Colin Kendrick at ADP Dental

Colin is a natural born leader who commands respect from those around him. His can do attitude to challenging and often changing situations at very short notice is second to none. Colin is the epitome of professionalism and an asset to any senior management structure. Dedicated, resourceful and an all round great guy that I hope to work with for many years to come.

Sabri Marsoui - Chief Operating Officer

Worked with Colin Kendrick at Day Lewis Plc

Colin quickly mastered a complex series of IT issues involving people, systems and operational factors, providing senior management with a clear and perceptive analysis of underlying causes and presenting solutions in terms of realistic timescales and budgets. Colin built an effective team which transformed IT support with particular attentiveness to the issues which had been bedevilling performance - he achieved high levels of user satisfaction within a matter of months. Suddenly IT became one of the strengths of the company!

David Hillier - Chief Executive Officer

Worked with Colin Kendrick at ADP Dental

Colin is an exceptionally talented and business focussed IT Professional and Manager. We have worked together over a number of years on different engagements and I have found that he has great vision and commercial understanding. I've seen him take businesses with major technical and business issues and revolutionise them by introducing new and relevant technologies whilst often saving money and increasing productivity. He has strategic direction, technical vision and delivers outstanding solutions to the businesses where he has worked. I look forward to working further with him in the future.

Paul Boyd - New Business Director

Worked with Colin Kendrick at ADP Dental

In his time at Ubevco Distributors and Tiger Beer UK, I found Colin to be both an excellent reactive problem solver of the day to day IT management issues but, importantly for the development of the business, also a proactive individual in strategising the IT needs for the future. One of Colin's particular strengths was identifying the practical application of IT in improving the effectiveness and reach of a variety of disciplines within the business.

Roger Gray - Director of Sales

Worked with Colin Kendrick at Tiger Beer UK

Colin is a highly capable and experienced IT professional. Colin has great ability for identifying business needs and determining solutions to business problems. Fully adept at understanding the needs of the business as a whole, its strategic

Colin is an excellent Technical Engineer as well as a natural man-manager (such individuals are few and far between). First interviewed by Colin for my present role I immediately gained great confidence in the company CTS and was pleased to accept the

direction, and identifying initiatives that will allow a business to meet those strategic goals He is extremely energetic and brings creativity to system solutions. A pleasure to work with and someone I would strongly recommend to get the job done.

Marc Neroni - Senior Account Manager

Worked with Colin Kendrick at Day Lewis Plc

roll. Having worked with him now for 18 months, reporting back to him on my in-house team of 7 has been easy. I have been consistently impressed how ready he always is to lend an ear/advice, take everything seriously and act quickly. His ability to consistently treat myself and my team with the utmost respect and always find time (even though he manages 20 other similar teams) has been remarkable and fantastic. He is an excellent IT Professional.

Matthew Rushworth - IT Manager
