About the Programme

The Salvation Army's PSS-KIP (Prison Support Services - Kids in Play) is an outreach programme that reaches out to inmates and their families. It also seeks to support amendable ex-offenders in facilitating the reintegration into the community and their families through aftercare programmes.

PSS offers practical help, befriending to children and provides intensive support to primary caregivers/remaining parent to manage their financial, emotional and related challenges and situations. These include, but is not limited to:

- counseling sessions to build on the relationship and support for each other within the family,
- topical support groups for children e.g. bullying, separation & anxiety, crime, stigma etc, to inculcate values to help them cope more effectively and foster a stronger bond with their incarcerated parent/s.
- meaningful activities e.g family outings, family camps etc

About the Role

The PAW book is a compilation of PAW prints, where children will write down their reflections and thoughts and photos of their participation in PSS-KIP sessions and activities. The PAW book will be used when the children visit their parent(s) in prison and will help facilitate conversation and bonding. The inmate will also write on the PAW book to encourage their children.

Volunteers are needed to help facilitate this bonding by helping to cut out the PAW prints which will be used for these bonding sessions. We would need close to 2500 paw prints to be prepared. Paper and the paw print templates will be provided.

You would be glad to know that you would have played an important part in changing lives; partnering our staff to support the children and the spouse during this difficult period and help build the relationship of the family.

Opportunity Description:

Volunteers bring joy and cheer to beneficiaries by entertaining them with performances, e.g. musical performances, singing or drama. Some volunteers also help organize celebrations for beneficiaries during their birthdays and festive seasons.

Examples of festive seasons include Chinese New Year, Mooncake / Lantern Festival, Christmas, Mothers' Day, Fathers' Day, Children's Day, Easter Day, Dumpling Festival, Deepavali, Hari Raya, National Day etc.

Volunteer opportunities in the **children and youth services** are of a regular service (at least 6 months with regular

commitment) or project basis (e.g. teaching craftwork or photography over a period of at least one month). This is so as to encourage volunteers to be able to build rapport with the children and minimize the chances of them having to re-adapt to new faces again and again, which could be emotionally unsettling at times. However, one-off and adhoc services are possible with pre-school children in the child care centres. Volunteers helping in children and youth services need to be at least 17 years of age.

Our **senior care service** are looking for volunteers who have the desire to work with seniors and who would like to take up the challenge of organising and implementing activities e.g. art and craft for the elderly drop-in programme (weekday afternoons). Volunteers are also welcome to support with existing programmes e.g. therapy and community walk programmes (weekday mornings). Some ideas can be found at <http://tiny.cc/sav-ideas>.
