INDEPENDENT BOARD

Stem Cells Australia is governed by an Independent Board. Comprised of highly-credentialed and experienced individuals, the Independent Board is responsible for approving research projects, enabling activities and funding allocations, for providing strategic guidance in identifying pathways for bringing stem cell medicine into practice, and for overseeing the operational management of Stem Cells Australia.

Prof Bob Williamson (Chair)

Prof Graeme Blackman

Prof Michelle Haber

Ms Jane Halton

The Independent Board will work closely with the following committees and the executive management team to maximise opportunities for long-term translational outcomes, clinical integration and international networking whilst continuing to support research excellence.
