JOB OPPORTUNITIES

Below are job opportunities at our partner and affiliate institutes

ARC Centre for Personalised Therapeutics Technologies (University of Melbourne)

[Multiple PhD scholarships \(Expressions of Interest now open\)](#)

PhD students will research the use and development of microfluidics environments; real-time cell/organoid assay technologies, and/or bioprinting to generate novel tools for lead qualification in therapeutic discovery.

Kidney Disease Modelling Group (Murdoch Childrens Research Institute)

[Research Officer \(Postdoctoral\) \(Expressions of Interest now open\)](#)

The researcher should have expertise in experimental nephrology or cell and developmental biology with an interest in modelling heritable glomerular and tubular disease using pluripotent stem cells.
