Short description

Metso Waste Recycling
Metso Waste Recycling specializes in the design and manufacture of Pre- and FineShredder equipment to effectively and reliably reduce the size of all material. Through more than 800 installations worldwide and continued focus on R&D, Metso Waste Recycling is one of the world's leading suppliers of shredders for the recycling industry. Our position also stems from our customer focus. We endeavor to supply you and your business with the best shredder solution; we always do our best to understand your current situation, and your future needs.

Our customers include companies that work with hazardous waste, waste-to-energy, recycling, landfills, cement production and composting. All Mets o shredders share certain common features, including exceptionally robust construction. We use components from internationally recognized suppliers, to ensure maximum performance and durability.

Information

Waste Recycling at Metso Metso has years of experience serving the w aste recycling industry with a team of dependable experts alw ays close to our customers' operations, helping them overcome challenges together. Our
