Business Description

A leading integrated healthcare delivery service provider in India, Fortis Healthcare Limited was established in 1996. From its first facility in Mohali in 2001, Fortis has grown to over 55 facilities today, with approximately 10,000 potential beds and 314 diagnostic centers. Fortis is more than a healthcare service provider, today it has become a name that people can trust. It has highly qualified and experienced surgeons who are proficient in performing various surgeries such as liver transplant, by-pass surgery, cataract surgery, and various other surgeries. With the vision of saving and enriching lives, the brand focuses on the well-being of its patients and aims at treating them with care, understanding, and compassion.
