## Business Description

Supported by an extraordinary manufacturing facility, we equip ourselves in manufacturing approximately 60 windows and doors on a daily basis. Due to our commitment to deliver quality products to our customers, we make use of best class material to fabricate doors and windows.

The uPVC profiles are basically imported from Europe from most reliable vendors conforming to best quality. The top quality material then gets processed under accurate cutting machinery and is fabricated using the latest technology for the superior end product. The finished product goes through critical quality checks and is then declared tested for ultimate application.
