Business Description

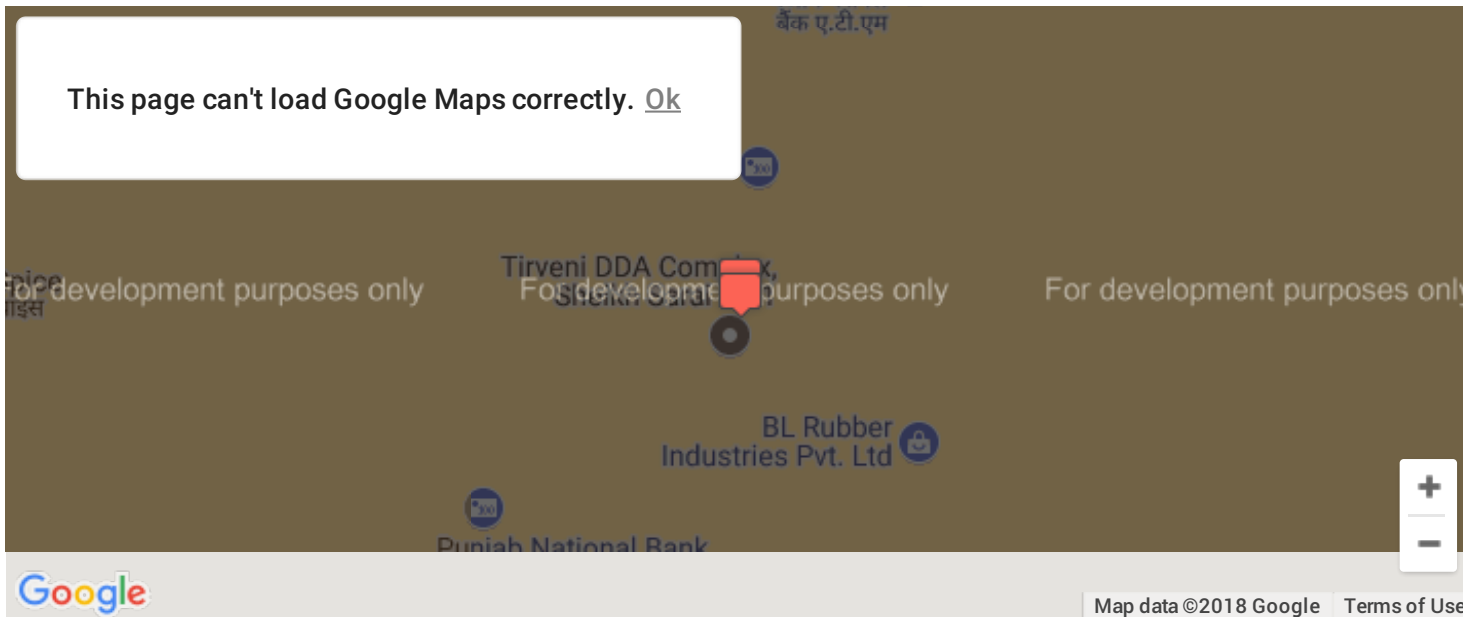

Venue events changing the way venues are shortlisted and booked in India. We are an online marketplace that connects people who are looking for a perfect venue for their event with the venue owners that have a matching space to offer. We help people find, shortlist, enquire and book venues. People can share their event details and preferences to receive quotes from multiple matching venues, and book! We are currently working with 500+ venue spaces in Delhi-NCR. Check us out at www.venue.events
