Business Description

Wakidok Innovative Solutions is an esteemed company in the field of Engineering Design & Simulation. We are also a Consulting and Training company in our respective field. We are driven by creativity and systematic problem-solving approach to deliver solutions. Backed by team having vast industry experience and utilizing proven tools; we are committed to add value to our customers' businesses.

We can deliver faster, accurate, cost-effective and calibered services by thinking uniquely to solve each problem differently.

We specialize in designing systems as per customers' specifications and required standards. Our structured methodology ensures that all requirements and inputs are in place before start of project.

Our expert team has more than three decades of industry experience in Civil and Structural design. With our detailed audit report and recommendations, life of all the structures can be prolonged to greater extent through preventive maintenance.

To reduce time to market and launch reliable products; we utilize latest industry proven tools to conduct various design simulations.

With our knowledge of Lean Six Sigma and Structured Problem-Solving techniques, we can provide end to end consulting to

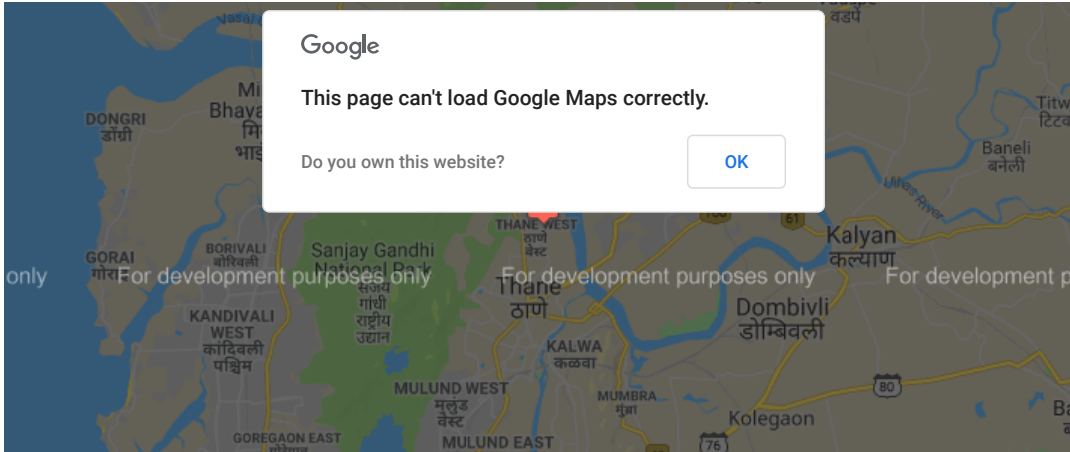

our customers.

Our Technical Training programs help in gaining in depth knowledge on industry best practices and techniques.
