## Business Description

KENT is a leading manufacturer of advanced healthcare industry products. The company is the pioneer in bringing revolutionary Reverse Osmosis technology in India. Over the years, KENT has become a market leader in providing top quality products such as water purifiers, air purifiers and smart home appliances. Kent is presently one of the few companies in India that manufacture RO UV water purifiers. The company has received highest level of certification from some of the renowned laboratories around the world. The products serve as a benchmark for water purification industry.
