Address: Terronská 6, 160 00 Praha 6
Czech Republic

Personal & Professional Profile

Currently, I am Ph.D student at [Webing research group](#) at [Czech Technical University in Prague](#). I passed Dissertaion Proposal Defence in summer 2012, taught Java programming in Czech for 1 year.

Sure, there is some experience in server-side programming and maintaining (PHP, Java, MySQL, Debian), management of commercial and non-commercial web-projects. I work over 10 years on the Web, since my first self-bought USRobotics Courier about my 14th birthday.
