Address:

948 Neptune Ave. Leucadia 92024

Description:

Beacon's Beach is located in Leucadia at the end of Leucadia Blvd. and Neptune Ave. Beacon's is probably best known for its surfing. Surfers are willing to walk up and down the bluff trail to get to the waves. On the maps, it's "Leucadia State Beach" but ask the locals, and they will just say, "It's always been Beacon's Beach. Even the sign at the top of the bluff reads Beacon's." It is approximately 1.4 miles north of Moonlight Beach.
