# Turk's Grotto | Gaeta | Italy

Sometimes you need the sea,

of its noise,

its silences ...

Words are not enough,

are mute, no sound, no soul.

Sometimes the thoughts are flying in the sky to rest on some rocks then ...

Sometimes the fear starts to cry.

Sometimes the horizon holds your hand.

A volte hai bisogno del mare,

del suo rumore,

dei suoi silenzi...

Le parole non bastano,

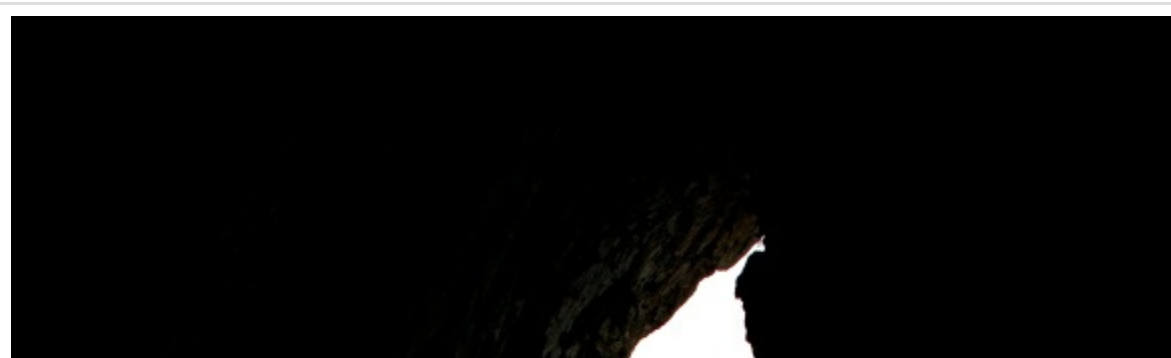

sono mute, senza suono, senza anima.

A volte i pensieri volano nel cielo per posarsi poi su qualche scoglio...

A volte la paura si mette a piangere.

A volte l'orizzonte ti stringe la mano.

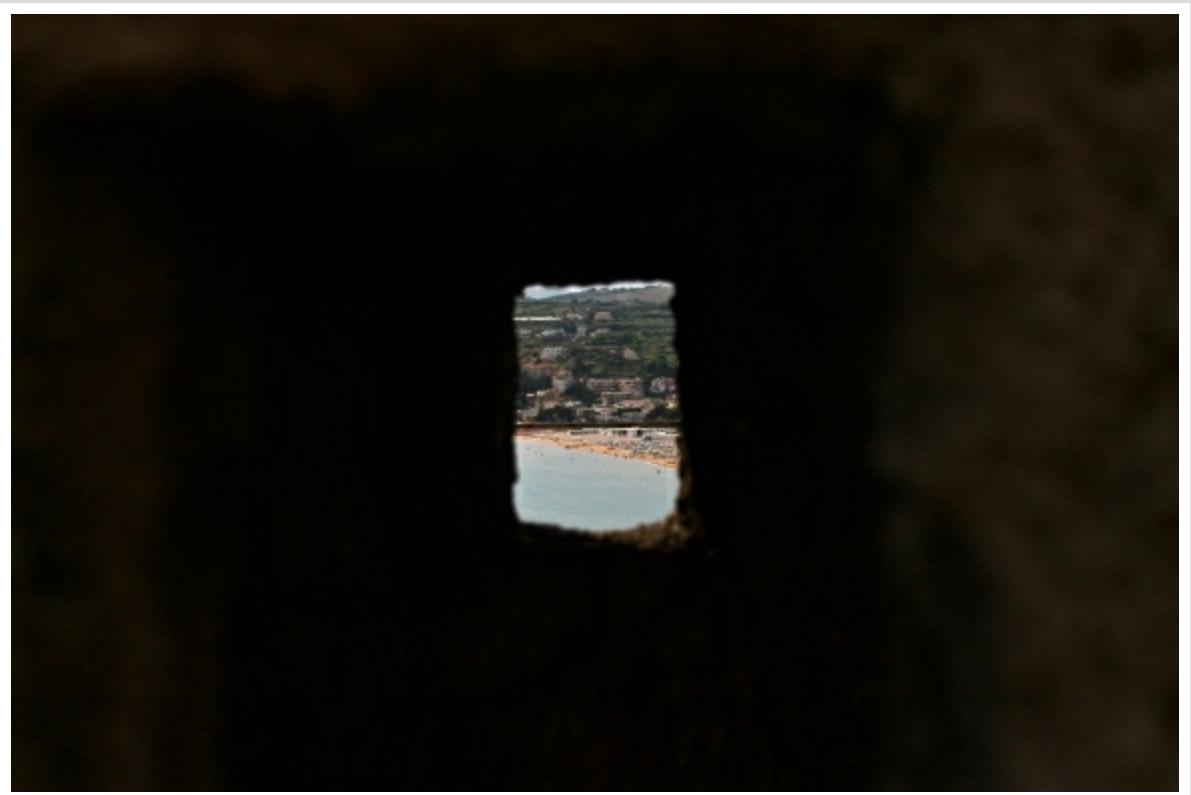

The TURK'S GROTTTO is a spectacular split in the mountain, in the form of an arch. The

grotto was used as hiding place for Saracen pirates. These pirates went out at night to ravage the coast. Gaeta was tormented by Saracens for more than 60 years, from 846 to 915, when it finally defeated them in the battle of the River Gariglia.

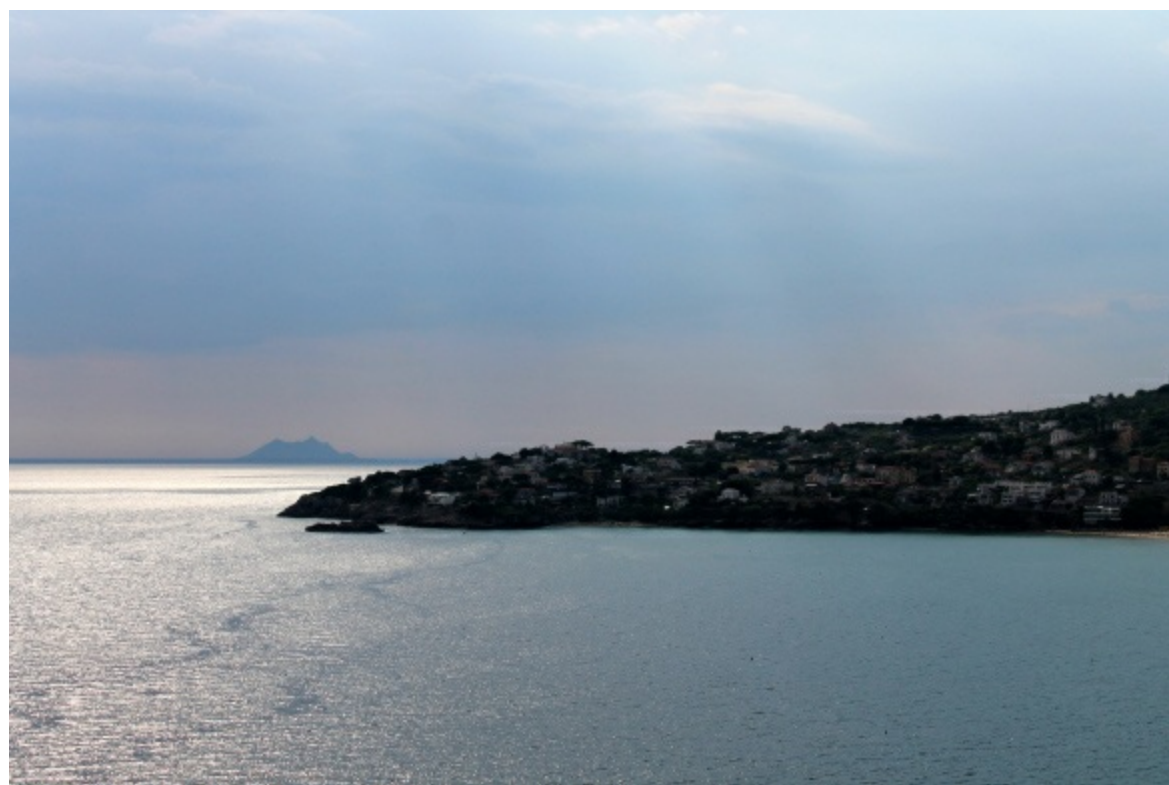

La GROTTA DEL TURCO è una spettacolare spaccatura nella montagna a forma di arco. Serviva da nascondiglio ai pirati saraceni, che di notte uscivano a depredare il litorale. Gaeta fu tormentata dalle scorrerie dei Saraceni per oltre 60 anni, dall'846 al 915, quando riuscì a sconfiggerli nella battaglia del Garigliano.
