**Description:**

Sandalwood House is a kitchen supply store located in the Foothills of the Sierras in Auburn, California. Our hope is to be the region's community center for those who love to bake, sauté, flambé, and fricassee. In addition to fine selections of cookware, cutlery and kitchen gadgets, we offer a small variety of tea ware and select direct trade artisan teas from small independent growers in various regions of China, Indonesia, Japan, and India. Beginning in 2016, Sandalwood House will be offering periodic on and off-site tea events (i.e. tastings, gongfu tea ceremonies, guest speakers, etc.) and working towards expanding the tea segment of our business.
