Address:

18705 Village Center Dr #102, USA 89508

Description:

We started as a "backyard" herb farm & nursery, growing herbs, heirloom vegetable starts, and selling them in biodegradable pots at local farmers markets.

Over the years, Woodsong has evolved and we've expanded our line of herbs, spice blends, and loose leaf teas. At the same time, droughts in Northern California caused us to innovate and eventually eliminate live

herb plants from our products to expand our horizons beyond the arena of local farmers markets.

The Woodsong Herbs, Teas, & Spices online store launched in 2013 as a supplement to our events, fairs, and markets. In the beginning of 2018, our online marketplace included over 46 varieties of loose leaf tea blends, 40 herbs & spice blends, 5 varieties of Soup Stones, and many other handmade, local products from small producers in the Sacramento area.

We are your “one-stop” shopping experience, designed to complement fresh, local produce, bread, meats, and cheeses – creating real meals with real food (even if you do not consider yourself a master chef, or even a “good cook”).

We have a hunger for new taste experiences and are always trying new and innovative recipes. Our goal is to meet your needs for fresh, quality teas & spices, and we’d love to hear your thoughts or ideas.

Our brick and mortar store in Cold Springs, NV opened May 11th, 2019. We are proud to bring the northern Reno area delicious and affordable teas and spices! We have a full tea tasting bar where you can try all 53 varieties we have in stock at all times.
