Yes, the classes have been closed. I took the classes for 3 months. The level of coaching was very low. Even the fundamentals were not explained...

Great Job is done by the faculty in solving all the problems. It is a boon to Raigad students. I hope more students will be able to take the advantage of this. I cleared my exams with flying colours.

Panvel is considered to be a very small place. But it has a good institute. This Classes has a unique never seen before in classes library and excellent faculty. I had cakewalk in passing Costing and Taxation papers and I was very happy that I had not to run to the big banners of Bombay who charge exorbitant gfees and there is no place even to sit or even no room for solving the difficulties.
