There are a bunch of different [cpa classes](#) available. All of them have different pros and cons. If you like lively video lectures, I would look at [Roger CPA review](#). They have to most engaging lectures. If you want detailed textbooks and study materials, I would go with [Gleim CPA review](#).

I also had the same questions! Fortunately there are lots of great resources out there to answer your questions and more! My favorite CPA review site has reviews on all the top courses like [Wiley CPAexcel review](#). It's pretty pricey, if you're looking for something more budget friendly, I'd recommend [Yaeger CPA Review](#)

Hope it helps!
