For each Financial Year and for Each form to be filed, penalty will be applicable for 10 times of original fees.
You may also go for compounding of penalty.

The company's annual return is to be filled with registrar of companies within 60 days from the date of annual general meeting.

Calculate normal fee applicable to you based on your authorized capital

Normal share capital of the company charge

Normal share capital of the company charge	Normal charge
Less than INR one lakh	INR 200
INR 1 lakh to INR 499999	INR 300
INR 500000 to INR 2499999	INR 400
INR 2500000 to INR 9999999	INR 500
INR One crore or more	INR 600

Now discussing about the additional fees, the penalty fee to be paid for filing of company's annual return and gets calculated based on the days of delay and normal fee applicable.

Delay	Penalty
Delay up to 30 days of normal fee	2 times
More than the 30 days and up to 60 days times of normal fee	4
More than the 60 days and up to 90 days times of normal fee	6
More than the 90 days and up to 180 days times of normal fee	10
More than the 180 days times of normal fee	12

So in your case: The more than 180 days period of delay then you should pay 12 times of normal fee.

you can company's annual return file via software. There are so many ROC filing software available in the market. But i would like to give a best suggestion that is [Gen Comp Law Software](#) for company's annual return file. This software gives a facility of ROC e-Forms, XBRL, Resolutions, Minutes, Registers and various MIS reports.
