GST is already being streamlined says Government

🕒 Posted on 20 November 2019

Goods & Services Tax (GST) has replaced multi-layered, complex indirect tax structure with a simple, transparent and technology-driven tax regime which has integrated India into a single, common market by removing barriers to inter-State trade and commerce. GST has eliminated cascading of taxes and reduced turnaround time for the transporters and all teething issues are being proactively resolved regularly by the GST Council and the Government. This was stated by Shri Anurag Singh Thakur, Union Minister of State for Finance & Corporate Affairs, in a written reply to a question in Rajya Sabha today.

The Minister further stated that the Government conducts frequent meetings with the trade and industry. Representations received from trade and industry are examined, collated and brought before the GST Council from time to time.
