About Us

Who We Are

For over 35 years, Marlo Beauty Supply has exclusively supported Licensed Professionals in the Beauty Industry.

Our company is based in Ferndale, Michigan. We started with a chain of professional stores and a small sales flyer, in the Detroit Metropolitan area. We have grown into a national e-commerce and catalog-only distributor for hair, nails and spa products. We are still family owned and operated and still 100% focused on the needs of licensed professionals only.

Our buyers make sure you get the lowest prices on the best lines. Our professional customer care representatives know the industry and the products. Our distribution center is fast, efficient and well-stocked. We operate as a true partner to the professional, offering the best prices, service, selection and overall value in the professional beauty industry!

So, whether through our website, phone, live chat, email, fax or mail, we are here to serve you for all your hair, nail and spa needs. Our success is based on your success!
