

(Modern) networking aspects in a datacenter.

Op maandag 10 april organiseert de OUG de themabijeenkomst "(Modern) networking aspects in a datacenter."

Spreker deze avond zal zijn Richard Garsthagen.

Er zal eerst worden gesproken over algemene onderwerpen die van belang zijn zoals ipv4/ipv6 , switches, routers etc. Daarna zal er specifieker gekeken worden naar zaken als VLANs en Fastconnect en hun belang bij IaaS en PaaS.

Slot 1: Keeping your existing network infrastructure, while moving to the cloud.

In this session we will discuss what options you have to keep existing networking topologies and functionalities while moving workloads into the public cloud. We will look at the capabilities of the Oracle Compute cloud services and its various network options like private networks, L2 overlay networks and Fast Connect.

Slot 2: Designing cloud native applications and leverage new networking topologies in the cloud.

In this session we will take a look at the new kind of network topologies that can be used to run cloud native applications to provide scalable and redundant applications. We will also discuss the new generation of Compute cloud services based on bare metal hardware and it's capability to manage tenant isolation in the networking layer.

About the event:

This Oracle Usergroup meeting is about discussing among peers what the challenges and opportunities are around the public cloud from a networking perspective. There will be 2 presentations sessions that will allow for interactive discussion and sharing of knowledge among the participants. About the speaker: Richard Garsthagen is the Director of Cloud Business Development for Oracle. He is responsible for positioning Oracle's Public Cloud services throughout EMEA. With over 15 years experience working for high tech companies including Citrix and VMware, Richard has gained an extensive knowledge of Virtualization and Cloud Computing Solutions available today. His deep technical knowledge and enthusiasm for Cloud Computing enables him to clearly promote the Oracle Cloud Solutions to a broad audience daily.

Locatie: Oracle, Hertogswetering 163-167

Parkeren: bij "the Wall" P3. Na afloop kunt u uw parkeerkaart zelf stempelen.

Agenda:

18.30 uur: Inloop. Voor broodjes wordt gezorgd (dieetwensen graag vóór 6 april doorgeven)

19.00 uur: Start programma

21.00 uur: Borrel en napraten

Afmelden: In verband met de te bestellen catering ontvangen wij uw afmelding graag ten minste 8 uur van tevoren. Meldt u zich niet tijdig af dan zijn wij genoodzaakt een No-Show tarief van €37,50 (excl. BTW) in rekening te brengen.
